

Qualification assessment summary

The subjects that students study are assessed in a number of ways. Some are purely exam based where the exams are taken at the end of the course and some are a mixture of exam and coursework.

When choosing your options you should keep this in mind. Some courses will require you to submit work that will be produced in class over a prolonged period where you will need to meet deadlines that are set by the exam boards and non negotiable.

Course	How it is assessed?	Details
Core Subjects		
English Language	100% Exam	2 exams each of 1hr 45mins duration taken at the end of the course
